To Whom It May Concern:

It is my pleasure to endorse Gary Robbins as our Keytech representative. Currently, we use the Keytech Parafos system and it has been performing very well. Gary regularly comes on site to check on chemical levels and efficiency, which is extremely important for us considering the hard-water environment that we operate in.

We are extremely pleased with Gary and Keytech's commitment to our hotel, and recommend their services to all hospitality businesses.

If you have any questions or require additional information, please do not hesitate to contact me directly.

Sincerely,
