

CLEAN-UP

HEAVY-DUTY DETERGENT

DIRECTIONS FOR USE

CLEAN-UP is a combined formulation of emulsifiers, detergents and wetting agents designed to remove greasy deposits even when combined with dust and dirt, or when heat-set due to exposure to high temperatures such as found on heavy equipment, transport trucks and trailers.

CLEAN-UP breaks up hard-to-remove deposits by liquefying grease and compacted oil accumulation, then emulsifies the dirt for easy removal with a high-pressure hose or brush.

CLEAN-UP is safe to use on stainless steel, iron, concrete, plastic, poly, glass, and even soft metals like aluminum, if rinsed prior to drying.

This product is a concentrate and must be diluted before use. See table below.

Cleaning Application	Dilution Ratio
Heavy Duty	55-100 mL/L
Medium-Duty	40-55 mL/L
Light-Duty	12-40 mL/L

NOTE: Care should be taken when using strong solutions. Do not allow CLEAN-UP to dry on aluminum, tin, galvanized iron, etc., or etching may occur.

For detailed instructions on how to use CLEAN-UP in your particular application, contact your Pace Representative.

Detailed instructions for the use of CLEAN-UP are also available online at PaceSolutions.com.

FOR USE IN FOOD PLANTS: Food contact items are to be rinsed with potable water before re-use.

APPLICATION METHODS

CLEAN-UP produces a high foam when used with a foam applicator. Foam is an effective way to easily clean heavily soiled areas providing a residual soaking action on both vertical and horizontal surfaces.

Pressure Sprayers

High and low pressure sprayers are recommended for easy removal of debris and rinsing. Foam applicators attachments give excellent cleaning results with CLEAN-UP.

HORTICULTURAL & AGRICULTURAL APPLICATIONS

CLEAN-UP may be used in Greenhouse, Nurseries, Interiorscapes, Botanical Gardens, Atriums, Packing Houses, Commercial/Retail Florists, Bouquet Manufacturers and by Fruit and Vegetable Growers.

LIVESTOCK APPLICATIONS

CLEAN-UP has many applications on poultry, pig, cattle, and dairy farms.

Areas of Use: animal pens, barns, parlors, drinkers, cages, receiving areas, egg rooms, kill floors, storage areas, packing equipment, farm machinery, processing areas, and for floor scrubbers and general cleaning.

PRECAUTIONARY STATEMENTS:

PREVENTION:

P234 Keep only in original packaging. **P260** Do not breathe dusts or mists. **P264** Wash hands and any affected area thoroughly after handling. **P280** Wear protective gloves/ protective clothing/ eye protection/ face protection.

RESPONSES:

P390 Absorb spillage to prevent material-damage. **P302 + P361 + P354** IF ON SKIN: Take off immediately all contaminated clothing. Immediately rinse with water for several minutes. **P363** Wash contaminated clothing before reuse. **P304 + P340** IF INHALED: Remove person to fresh air and keep comfortable for breathing. **P301 + P330 + P331** IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. **P301 + P304 + P302 + P316** IF SWALLOWED, INHALED OR ON SKIN: Get emergency medical help immediately. **P305 + P354 + P338 + P317** IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical help.

STORAGE:

P405 Store locked up.

DISPOSAL:

P501 Dispose of contents/ container to an approved waste disposal plant.

DANGER

H290 MAY BE CORROSIVE TO METALS
H314 CAUSES SEVERE SKIN BURNS AND EYE DAMAGE
